

Our Strength is Your Power

Marine Systems, Inc. is an Authorized Detroit Diesel® Marine Dealership

Marine Systems, Inc. (MSI) is the largest, full-service authorized dealer for Detroit Diesel engines. Our strength is based on our experience, inventory and around-the-clock commitment to servicing the needs of our offshore and inshore marine customers.

- MSI has an extensive inventory of rebuilt Detroit Diesel engines.
- We offer 24-hour field repair services, and around-the-clock capabilities in our engine & component repair and rebuild shops.
- MSI facilities are strategically located along the East Coast, Gulf Coast, Mississippi River and the Intracoastal Waterway.
- Our service technicians are trained in the latest repair procedures, product improvements and service information and are evaluated regularly.

Engine and Component Rebuild Shops

- Detroit Diesel engine overhauls are performed in our fully equipped rebuild shop by factory-trained technicians.
- MSI is also one of the only companies in the country to offer an in-house component rebuild shop, with essential tooling for cleaning, inspecting and refurbishing component engine parts.
- Latest product improvements are incorporated into all engine rebuilds, and each component part is re-qualified by technicians.
- Engines are pre-lubricated and a start-up procedure is performed after each assembly.
- Pre-loaded cylinder kits and complete rebuilt cylinder head assemblies in our in-house facility are dispatched with field service technicians or used by our own in-house engine repair shop.

Parts Inventory

MSI's parts and engine exchange inventory fills the engine demands of the marine industry.

- We maintain a large stock of reconditioned Detroit Diesel engines and components ready for immediate delivery, significantly reducing our customers' downtime.
- East Coast, Gulf Coast, Mississippi River and Intracoastal Waterway locations stock thousands of factory-authorized Detroit Diesel parts to support our field-service personnel and over-the-counter sales.
- If Detroit is your engine of choice, we have the parts to keep it running.

Service

We have built our reputation on unparalleled service, and our capabilities continue to grow with the needs of our customers.

- Factory-trained Service Managers coordinate all field service repairs and dispatch factory-trained technicians for minor and major engine repairs in the field 24/7.
- MSI field service technicians arrive at a job site with all necessary tooling and factory-certified parts to perform the job.
- Technicians also perform scheduled preventative engine maintenance and inspections at vessel and rig locations.
- Field personnel are properly trained to comply with all applicable offshore and onshore health, safety and environmental requirements.

Engine Repair Shop

Our Detroit Diesel engine repair shop features work stations, hoist and hydraulic press meeting all government regulations, and a fully equipped tool room.

- Designated area for engine disassembly and cleaning, using only proper cleaning fluids.
- 400' of waterfront available for docking vessels at our Houma facility.
- Portable crane with versatile lifting capabilities, complying with all safety regulations.

MSI is an authorized Allison Transmission dealer, specializing in the on-highway, industrial off-highway and oilfield service industries, as well as a service provider for Twin Disc Marine Gears, with sales and service of new and rebuilt transmissions and marine gears.

All MSI facilities provide efficient 24-hour repair service and parts throughout the East Coast, Gulf Coast, Mississippi River and the Intracoastal Waterway.
