

ELECTRO-MOTIVE GROUP

We go to the Problem—and Solve It.

Marine Systems, Inc. was established in 1966 with the goal of becoming the best in its field, providing premium service in support of marine vessel operations.

Today, MSI is recognized for its leadership in on-location, problem-solving service for diesel engine repair, remanufacturing and replacement parts, as well as reduction gear repair for a wide range of vessels. With a network of strategically located facilities that provide 24-hour support, MSI can dispatch experienced technical personnel, tooling and material to various corners of the world.

WE GO TO THE PROBLEM... AND SOLVE IT.

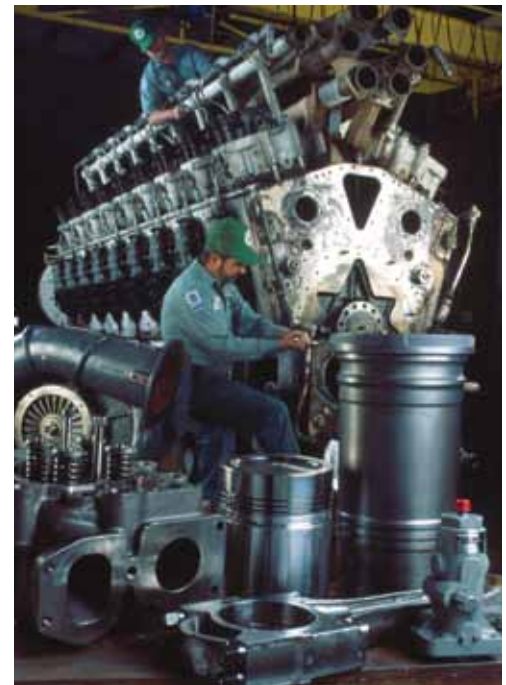

Our experience and expert judgement provides clear, quick and effective answers to relieve the catastrophic equipment failures that can result in lost business when marine vessels or rigs are down for repair.

Reconditioning to OEM specifications is part of our thorough component rebuild capabilities.

A solid commitment to quality is evident in our work.

We follow exact measures to ensure that our parts and services meet the most demanding standards.

Replacement Parts: All locations stock an extensive, computerized inventory of new and remanufactured components.

STRATEGIC SUPPORT

Our skilled technicians perform all repairs to OEM specifications and factory rebuild procedures, according to the latest engineering updates. Rebuilt components are thoroughly tested before being put into service and tools are regularly calibrated for pinpoint accuracy. MSI's EMD authorized Service Centers offer specialized services for diesel engine repair and replacement parts for:

- Offshore supply vessels and tugs
- Offshore drilling rigs and production platforms
- Inland towing and the Great Lakes
- Coastal towing vessels
- Harbor and ship docking tugs
- Dredges and pipe laying barges
- Stationary power units
- Military vessels
- Fishing vessels

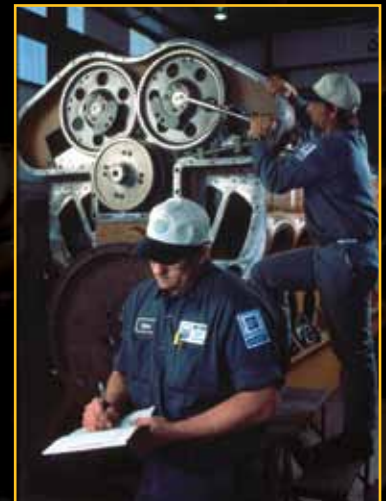

Our Comprehensive, On-Site Repair Services Include:

- Overhauls
- Trouble Shooting
- Block Welding
- Line Boring
- In-Place Machining

As an authorized Falk distributor, we stock a variety of clutches, clutch drums, bearings, air shafts and gear elements.

Engine Remanufacturing: MSI remanufactures EMD engines for repowering or for new boat construction. These engines are fully warranted and can be ABS or USCG certified.
